Jim,
You are not needed on that case today. I explained to Rebecca Pontes that there was a mix up with the generation of subpoenas as to dates so the problem should be fixed. The trial date might be moving (its scheduled for Dec. now) because of a police officer unavailability so I will let you know what the next date is and make sure the right lab numbers are on it. Thanks again for everything. All of you at the lab have been really helpful and accomodating.

- Anne

Hi Anne,

This is the case I was asking about [REDACTED]
It's scheduled for a motion hearing 10/9/09. The defendant's name and certificate numbers that were given to me do not match. Let me know if I am needed.

Thanks,

Jim
